

# Barn Cat Arrival Checklist

## Before Cats Arrive:

- Prepare confinement area
- Set up crate(s)
- Add litter box
- Add food and water bowls
- Add hide box

## Day of Arrival:

- Place carrier inside confinement area
- Close all exterior doors
- Open carrier door

Do not attempt to touch the cats.

## During 3-Week Confinement:

- Feed daily
- Clean litter boxes
- Keep area quiet

## Release Day:

- Open crate door
- Leave food inside crate
- Allow cats to exit at their own pace

## First Week After Release:

- Continue feeding daily
- Leave crate in place

After the first week that the cat has been released, you may remove the crate. Continue to provide food and water in the same location.
